1. Overview

You should complete this form if you are applying for a community digital sound programme licence (“C-DSP”). You can find further information about C-DSP services in the [guidance notes for licensees and applicants](#).

This application form is divided into two parts – **Part A** (which we will publish on our website) and **Part B** (which will be kept confidential). This document constitutes Part A; [Part B of the application form](#) is available on our website.

If you encounter any issues using these forms, please contact broadcast.licensing@ofcom.org.uk.

The purpose of this form

You should complete this form if you are applying for a Community Digital Sound Programme (C-DSP) licence.

A digital sound programme service intended for broadcast by means of a local or small-scale radio multiplex service requires either a C-DSP licence or a local DSP licence. Ofcom’s published guidance notes set out some of the key issues that potential applicants need to consider in deciding which type of licence is suitable for them. In summary, C-DSP services are not run for financial gain and are required to provide social gain. C-DSP licences therefore include strict conditions to ensure that happens, and provide less flexibility than a local DSP licence. However, they do provide access to capacity that small-scale radio multiplex service providers are required to reserve solely for C-DSP services.

A C-DSP licence will be required even if the same programme service is also provided on any other platforms (e.g. FM, satellite), as separate licences are required for those.

As noted above, small-scale radio multiplex services will have reserved capacity for C-DSP services. Issue of a C-DSP licence does not, however, guarantee carriage on a small-scale (or local) radio multiplex service. That is a matter for agreement between the C-DSP licensee and the multiplex service provider, and there may be more C-DSP licences issued in a locality than there are reserved slots on the small-scale radio multiplex service. Note that a C-DSP service does not necessarily have to broadcast using reserved capacity. It can use unreserved capacity on a small-scale radio multiplex service or capacity on a local radio multiplex service, again subject to agreement with the multiplex service provider.

An application for a C-DSP licence will be accepted only once Ofcom has advertised the licence for the small-scale radio multiplex service upon which the proposed C-DSP service is intended to be provided. There is no closing-date by which an application for a C-DSP licence must be submitted (i.e. it can be submitted at any time after the licence for the relevant small-scale radio multiplex licence has been advertised).

You can find further information about how to determine if a service requires a C-DSP licence in Section 2 of the [guidance notes for applicants and licensees](#).

Provision of information

Ofcom requires complete and accurate information to assess applications. This is so that we can assess your application against statutory criteria, consider whether those involved in the body applying for a licence are 'fit and proper' to hold a licence, and determine whether their involvement with other organisations disqualifies them from participation in a licence.

It is an offence under the Broadcasting Act 1996 (as amended) to provide false information or withhold relevant information during the application process, and may be grounds for revocation of a licence subsequently granted.

Publication of information about applications and licensed services

Information provided in **Part A** of the application form will typically be published by Ofcom in our Monthly Radio Update publication the month following the submission of your application. This may take longer if the application is received late in the month. Information provided in **Part B** will not be published.

In submitting this application you agree that, should a licence be granted, Ofcom may publish contact details for the licensee (specified in Section 2 of Part B of the application form), which may include personal data, on the Ofcom website and/or in other relevant publications. If you have any questions about the information that we publish, or there are any changes to this information, you should contact the Broadcast Licensing team by email (broadcast.licensing@ofcom.org.uk).

Ofcom considers issued C-DSP licences to be public documents and copies of licences will be made available to third parties on request albeit, other than the Key Commitments which are tailored to the service, C-DSP licences are standard form documents. A brief description of the licensed service will be published on the Ofcom website, along with the Key Commitments which form part of the licence.

Ofcom publishes a [monthly radio licensing update](#) which lists new services licensed, new applications, licences revoked, licence transfers, and changes to licensed services during the past month.

Data protection

We require the information requested in this form in order to carry out our licensing duties under the Broadcasting Act 1990, Broadcasting Act 1996 and Communications Act 2003. Please see Ofcom's [General Privacy Statement](#) for further information about how Ofcom handles your personal information and your corresponding rights.

Keeping up to date with broadcasting matters

We strongly recommend that the appropriate person at the applicant body signs up to receive Ofcom's regular email updates on broadcasting matters including notification when the Broadcast and On Demand Bulletin is published.

To sign up to receive these communications, you must visit the [email updates](#) area of our website and select 'Broadcasting.'

2. Applicant's details

About this section

In this section we are asking you for details about the applicant company. This must be a body corporate which is not profit distributing.

In the first part of this section, we are asking for basic details about the applicant. These include company registration number and contact information.

In the second part of this section we are asking for details of the applicant's officers (directors or, in the case of LLPs, designated members), its shareholders and participants. Where applicable, we are also asking for details of the officers of the applicant's parent and associated companies or LLPs etc.

If any of the individuals named in your responses are known by more than one name/version of their name, all names must be provided.

Certain persons are disqualified from holding a C-DSP licence. This section asks the questions which enable us to consider this for those types of disqualification which apply specifically to bodies corporate. It also asks questions which are relevant to our assessment of the applicant's fitness and properness to hold a C-DSP licence.

Before completing this section of the form, you should read [Ofcom's guidance on the definition of 'control' of media companies](#). Throughout this section, "control" has the meaning it is given in Part I of Schedule 2 of the Broadcasting Act 1990.

The response boxes and tables should be expanded or repeated where necessary, or provided in a separate annex.

'Officerships' in this section refers to: directorships of bodies corporate, designated memberships of LLPs, or membership of a governing body of an unincorporated association (including partnerships).

3. The proposed service

About this section

This section asks you to describe your proposed service, including the Key Commitments you propose to include in your licence. This includes your service name, multiplex name and character of service, in addition to standard commitments that all C-DSP licensees need to abide by. Holders of an existing analogue community radio licence to be a simul-cast on the proposed C-DSP service can replicate the existing analogue key commitments as it is our expectation that the key commitments for simulcast services are to be in keeping with one another. If a licence is granted, the information you provide in this section will be used to form the basis of the annex to your licence. You will only be authorised to broadcast what is detailed in the annex of the licence.

In this section, you will also need to set out how your service will provide social gain, community participation and how you will be accountable to the target community. This is in line with statutory requirements for the granting of C-DSP licences. **The information provided in this section is also the basis on which decisions are made.**

If you hold, or intend to hold, multiple C-DSP licences, the answers given in this section and the intended delivery of your Key Commitments must apply to the locality in which your proposed service will broadcast (as set out in the Draft Key Commitments in this application form).

Your proposed service and target community

3.1 What is the proposed service name?

HUB Radio

3.2 On which radio multiplex service do you intend to broadcast? If the relevant radio multiplex licence has not yet been awarded, please state the name of the area that the multiplex service is intended to cover, as defined in the multiplex licence advertisement.

Sevenside

3.3 Where is your proposed studio located? Please note that this must be located within the coverage area of the small-scale radio multiplex service identified in answer to 3.2 (or the advertised area for a small-scale radio multiplex service that has not yet been awarded).³

The Students' Union at UWE, U Block, UWE Bristol, Frenchay Campus, Bristol, BS16 1QY

³ If you propose to provide your service on a local, rather than a small-scale, radio multiplex service, there is no requirement for your studio to be located within the licensed area of that local radio multiplex service.

- 3.4 If the proposed service is a simulcast or corresponding service of an existing licensed radio service, please list that below and provide the licence number.

N/A

- 3.5 What is the target community of the service? Please include the geographical area that you wish to serve in addition to the interests or characteristics that define your target community. The area you wish to serve must be geographically located within the cover-age area of the radio multiplex service on which you intend to broadcast. **Answer in fewer than 400 words.**

Target community is UWE Students who attend UWE Bristol, characteristics that define the community are that they are UWE Students, the geographical area is that in and around UWE Frenchay Campus.

- 3.6 How will you ensure that your proposed C-DSP service is run on a not-for-profit basis? Please give details of specific measures or arrangements in place to ensure this, and how any profit will be wholly and exclusively used for securing or improving the future provision of the service, or for the delivery of social gain. **Answer in fewer than 400 words.**

HUB radio is run through UWE Students' Union which is a charitable organisation and not for profit. As a Society, HIUB radio is not for profit. The Society has oversight by the Students' Union which ensures it operates within strict parameters with finances all processed through the organisation. Any income will go towards the improvement of the service through technical provision for future students. It is run by volunteers with no paid roles.

Social gain

- 3.7 What community benefits will your service bring to your target community(ies) and, if applicable, the general public. Please include summaries of evidence to support your answer, including details about other organisations you intend to work with. **Answer in fewer than 500 words.** Please do not provide names of individuals in your answer.

Our proposed C-DSP service will provide a range of significant community benefits to our target community of UWE Students. This includes Social Inclusion and Representation of all student groups covering a diverse range of backgrounds. Training and skills development of students giving opportunities to present and develop themselves. Collaborate with other student groups and students Union events/campaigns to raise awareness on key topics such as health, wellbeing and other relevant topics.

--

- 3.8 Please summarise how your service will facilitate discussion and the expression of opinion.

Answer in fewer than 200 words.

The service will actively facilitate discussion and provide a platform for a range of voices, encouraging open dialogue on matters that impact the students lives. We are committed to editorial balance and inclusivity and will ensure that content is monitored and checked before air.

- 3.9 How will you ensure that members of your target community(ies) can gain access to the facilities used to provide your service, and receive training in using these? In particular, please set out how this will be done practically, formally and/or informally. **Answer in fewer than 400 words.**

HUB Radio is situated on UWE Frenchay Campus, any student can become a member of the Society and can then input on content. Before being permitted to use the studio and go on air, Committee members train users on the station use, including acceptable conduct. Committee members are trained during handover each year by the outgoing committee and are usually already experienced in the studio set up. All committee members must complete training delivered by The Students Union to be permitted to be a committee member, and must sign a constitution outlining expectations of committee members.

- 3.10 How will your service provide better understanding of your target community and the strengthening of links within it? **Answer in fewer than 200 words.**

By celebrating local identity (of students), connecting students across different societies, raising awareness of events and encouraging participation and collaboration amongst students

- 3.11 Please summarise the relevant experience of the group or its members in activities related to the provision of social gain or other relevant non-broadcast areas (such as third sector, training or education). **Answer in fewer than 200 words.**

The committee members have a strong foundation in delivery of this service and being committed to delivering this voluntary service. They bring a range of experience from the University life and often have related degree courses. And a commitment to enhance social gain through broadcasting. Several members of the committee have volunteered for multiple years, coordinating the training and education of newer members. Many of the members have supported on and delivered events in collaboration with The Students' Union and have a strong support network within the organisation to continue to deliver an effective service.

Participation

- 3.12 How do you propose to ensure that members of your target community(ies) are given opportunities to participate in the operation and management of the service? **Answer in fewer than 400 words.**

Any student can become a member of the Society and then engage with the Society more. Any member is then eligible to be on the committee if they nominate themselves for a position through the annual election process which is then voted on democratically each Spring.

Accountability

- 3.13 How will members of your target community contact your service and influence its operation? **Answer in fewer than 300 words.**

Members and Students can provide feedback to the VP Societies and Communications and also through The Students Union to discuss its operation. Committee members can work with The Students Union to develop the service further. Contact details all found through The Students' Union.

- 3.14 How will suggestions and/or criticisms from members of your target community(ies) be considered and acted upon? **Answer in fewer than 300 words.**

As above, Committees hold regular meetings to discuss the running of the Society and discuss any feedback. Feedback of a more serious nature is raised formally with the Students' Union through a complaints process that will be addressed by Students Union staff and outcomes discussed as appropriate.

Draft Key Commitments

Below is an example of the licence annex where the Key Commitments appear. Should a licence be awarded, the entries you provide below will form the Key Commitments section of your licence. Holders of a community radio analogue licence that is to be simulcast, or a corresponding service, are expected to provide key commitments that are in line with their existing service(s). As such, applicants may refer to the existing key commitments of the relevant simulcast or corresponding service(s) to ensure that the draft below is in line with those of the existing service(s).

Please provide entries where specified in **BOLD** below. The information you enter here should reflect your answers to Sections 3 and 4 of the Part A of your completed Application Form. This will form the basis of your Key Commitments alongside the mandatory text in italics. Do not amend the text in italics as every service is required to comply with these requirements, but the details of how each service does so do not need to be included in the Key Commitments.

ANNEX TO LICENCE

LICENSED SERVICE NO tbc

Licensed Service	HUB Radio
Service Description	HUB Radio is a radio service intended to serve UWE Bristol Students Bristol, England <Providing a service of music and verbal content discussing everyday topics, and giving students an opportunity to have an experience of running a radio show/content. The studio of the Licensed Service is located within the coverage area of the Small-Scale Radio Multiplex Service identified above (n.b. the Licensee will not be in breach of this requirement if an existing studio ceases to fall within the coverage area merely as a result of technical changes to the Small-Scale Radio Multiplex Service outside the control of the Licensee). The Licensed Service shall have the characteristics of a Community Digital Sound Programme Service as set out in the 2019 Order and, in so doing, shall achieve the following objectives: • the facilitation of discussion and the expression of opinion, • the provision (whether by means of programmes included in the service or otherwise) of education or training to individuals not employed by the person providing the service, and • the better understanding of the particular community and the strengthening of links within it.

	Members of the target community shall contribute to the operation and management of the service. The service shall have mechanisms in place to ensure it is accountable to its target community in the specific area or locality.
Transmission Schedule	Not yet determined
Multiplex	Sevenside

4. Compliance of the service

About this section

This section asks you to describe the compliance arrangements for the proposed licensed service, i.e. the arrangements which the applicant will put in place to ensure that the content it proposes to broadcast will comply with the relevant regulatory codes and rules for programming and advertising. These include:

- The Ofcom Broadcasting Code
- The BCAP Code: the UK Code of Broadcast Advertising
- The Phone-paid Services Authority Code of Practice

Condition 17 of a C-DSP licence requires that you have compliance procedures in place, and this section asks that you demonstrate your ability to meet this licence condition.

Before completing this section of the form you should read Section 4 of the [C-DSP guidance notes](#), where you will also find links to the codes and rules listed above.

- 4.1 Please give details of all compliance training (including dates) the person named in response to either question 2.3 or 2.5 in Part B (i.e. the individual who holds overall responsibility for compliance of the service) has received in the relevant codes and rules (for example, those referred to in the box at the start of this section).

In depth compliance training takes place before a show is aired for the 1st time from either president or vice president.

Show host is required to read the Ofcom broadcast standards (<https://www.ofcom.org.uk/tv-radio-and-on-demand/broadcast-standards/broadcast-code/>) online before their training session.

Shortened Ofcom broadcast standards printed out onto a notice board in the radio studio.

- 4.2 Please give details of any practical compliance experience (including dates) the person named in response to either question 2.3 or 2.5 in Part B (i.e the individual who holds overall responsibility for compliance of the service) has with respect to the relevant codes and rules.

Compliance experience from overseeing existing licenses (LPAM & DSP)

- 4.3 For each role within your compliance team please provide job title and a brief description of the functions of the role specific to ensuring compliance of the proposed service. Please do not give names of individual members of staff – this question relates to job roles rather than currently employed individuals.

Hub Radio President (Station Manager)

In charge of all staff at the Radio

Hub Radio Vice president

In charge of all radio training including compliance training.

- 4.4 How does the applicant intend to formally train staff in compliance procedures? Please include details of the compliance training that will be given to those responsible for live programming, including compliance staff, presenters and producers.

In depth compliance training takes place before a show is aired for the 1st time from either president or vice president.

Show host is required to read the Ofcom broadcast standards (<https://www.ofcom.org.uk/tv-radio-and-on-demand/broadcast-standards/broadcast-code/>) online before their 1st training session.

Shortened Ofcom broadcast standards printed out onto a notice board in the radio studio.

- 4.5 Will the training described in response to question 4.5 be mandatory for all staff and volunteers? If not, outline who will receive it.

All staff and Show hosts receive the training.

If a member of staff decides to have a show they are refreshed in the broadcast standards before airing.

Radio hosts are responsible for the compliance of any guests or callers on their show.

4.6 It is a licence requirement that a licensee must ensure that all programming on its service (broadcast at any time of the day or night) complies with Ofcom's codes and rules (e.g. Ofcom's Broadcasting Code, which sets requirements on standards to be observed in programme content for the protection of the public).

- a) Set out in detail below the systems the applicant intends to have in place to ensure it will be able to comply with the codes and rules when the service is broadcasting live content. Your response should include details of what you will do to prepare presenters and guests pre-broadcast and the process for ensuring that any non-complaint content is dealt with swiftly during the broadcast.

All shows are prototyped and ran by the President /Vice president before airing. Shows are assessed on their compliance first to make sure they suitable for radio broadcast. This way the compliance staff have a good understanding of a show's intention before it is broadcasted.

If an incident on air does take place, show hosts are instructed to confess immediately and apologise.

- b) Set out in detail below how the applicant intends to ensure that pre-recorded material will comply with Ofcom's codes and rules. Pre-recorded content could include, for example, material obtained from, or streamed from, third party sources as well as content produced by the licensee.

As above, all content will be previewed to ensure complies with the codes and rules.

4.7 Please set out how you will ensure the ongoing delivery/compliance of the **on-air** character of service as set out in the Key Commitments. This should be focused on the content you will broadcast on the station.

In your answer, please ensure you include details on each of the following points:

- a) How you will monitor that the character of service is being delivered;
- b) who will be responsible for monitoring this;
- c) how often will they monitor it;
- d) how you ensure this information is published; and
- e) where the information will be published/made publicly available.

Music is broadcasted with licensed music which is radio suitable. All music has been purchased by radio playlister.

Show hosts are responsible for non-music content such as podcasts and talk shows. All topics are run by Station manager or vice president a week before the show airs.

- 4.8 Please set out how you will ensure the ongoing delivery/compliance of the **off-air** social gain activities as set out in the Key Commitments.

In your answer, please ensure you include details on each of the following points:

- a) How you will monitor that off-air social gain activities are being delivered;
- b) who will be responsible for monitoring this;
- c) how often will they monitor it;
- d) how you ensure this information is published; and
- e) where the information will be published/made publicly available.

All off-air content is music only from the Hub Radio auto play. Hub auto play is made of only radio suitable tracks and playlists.

- 4.9 What language(s) does the applicant intend to broadcast in?

English

- 4.10 For each language listed in response to question 4.9 please provide details of how many compliance team member(s) are fluent in each language and will be responsible for ensuring that content broadcast in that language complies with the Ofcom's code and rules. **Please do not give names of individual members of staff.**

All committee members including compliance team are fluent in English (up to 5 members)
