1. Overview

You should complete this form if you are applying for a community digital sound programme licence (“C-DSP”). You can find further information about C-DSP services in the [guidance notes for licensees and applicants](#).

This application form is divided into two parts – **Part A** (which we will publish on our website) and **Part B** (which will be kept confidential). This document constitutes Part A; [Part B of the application form](#) is available on our website.

If you encounter any issues using these forms, please contact broadcast.licensing@ofcom.org.uk.

The purpose of this form

You should complete this form if you are applying for a Community Digital Sound Programme (C-DSP) licence.

A digital sound programme service intended for broadcast by means of a local or small-scale radio multiplex service requires either a C-DSP licence or a local DSP licence. Ofcom’s published guidance notes set out some of the key issues that potential applicants need to consider in deciding which type of licence is suitable for them. In summary, C-DSP services are not run for financial gain and are required to provide social gain. C-DSP licences therefore include strict conditions to ensure that happens, and provide less flexibility than a local DSP licence. However, they do provide access to capacity that small-scale radio multiplex service providers are required to reserve solely for C-DSP services.

A C-DSP licence will be required even if the same programme service is also provided on any other platforms (e.g. FM, satellite), as separate licences are required for those.

As noted above, small-scale radio multiplex services will have reserved capacity for C-DSP services. Issue of a C-DSP licence does not, however, guarantee carriage on a small-scale (or local) radio multiplex service. That is a matter for agreement between the C-DSP licensee and the multiplex service provider, and there may be more C-DSP licences issued in a locality than there are reserved slots on the small-scale radio multiplex service. Note that a C-DSP service does not necessarily have to broadcast using reserved capacity. It can use unreserved capacity on a small-scale radio multiplex service or capacity on a local radio multiplex service, again subject to agreement with the multiplex service provider.

An application for a C-DSP licence will be accepted only once Ofcom has advertised the licence for the small-scale radio multiplex service upon which the proposed C-DSP service is intended to be provided. There is no closing-date by which an application for a C-DSP licence must be submitted (i.e. it can be submitted at any time after the licence for the relevant small-scale radio multiplex licence has been advertised).

You can find further information about how to determine if a service requires a C-DSP licence in Section 2 of the [guidance notes for applicants and licensees](#).

Provision of information

Ofcom requires complete and accurate information to assess applications. This is so that we can assess your application against statutory criteria, consider whether those involved in the body applying for a licence are 'fit and proper' to hold a licence, and determine whether their involvement with other organisations disqualifies them from participation in a licence.

It is an offence under the Broadcasting Act 1996 (as amended) to provide false information or withhold relevant information during the application process, and may be grounds for revocation of a licence subsequently granted.

Publication of information about applications and licensed services

Information provided in **Part A** of the application form will typically be published by Ofcom in our Monthly Radio Update publication the month following the submission of your application. This may take longer if the application is received late in the month. Information provided in **Part B** will not be published.

In submitting this application you agree that, should a licence be granted, Ofcom may publish contact details for the licensee (specified in Section 2 of Part B of the application form), which may include personal data, on the Ofcom website and/or in other relevant publications. If you have any questions about the information that we publish, or there are any changes to this information, you should contact the Broadcast Licensing team by email (broadcast.licensing@ofcom.org.uk).

Ofcom considers issued C-DSP licences to be public documents and copies of licences will be made available to third parties on request albeit, other than the Key Commitments which are tailored to the service, C-DSP licences are standard form documents. A brief description of the licensed service will be published on the Ofcom website, along with the Key Commitments which form part of the licence.

Ofcom publishes a [monthly radio licensing update](#) which lists new services licensed, new applications, licences revoked, licence transfers, and changes to licensed services during the past month.

Data protection

We require the information requested in this form in order to carry out our licensing duties under the Broadcasting Act 1990, Broadcasting Act 1996 and Communications Act 2003. Please see Ofcom's [General Privacy Statement](#) for further information about how Ofcom handles your personal information and your corresponding rights.

Keeping up to date with broadcasting matters

We strongly recommend that the appropriate person at the applicant body signs up to receive Ofcom's regular email updates on broadcasting matters including notification when the Broadcast and On Demand Bulletin is published.

To sign up to receive these communications, you must visit the [email updates](#) area of our website and select 'Broadcasting.'

2. Applicant's details

About this section

In this section we are asking you for details about the applicant company. This must be a body corporate which is not profit distributing.

In the first part of this section, we are asking for basic details about the applicant. These include company registration number and contact information.

In the second part of this section we are asking for details of the applicant's officers (directors or, in the case of LLPs, designated members), its shareholders and participants. Where applicable, we are also asking for details of the officers of the applicant's parent and associated companies or LLPs etc.

If any of the individuals named in your responses are known by more than one name/version of their name, all names must be provided.

Certain persons are disqualified from holding a C-DSP licence. This section asks the questions which enable us to consider this for those types of disqualification which apply specifically to bodies corporate. It also asks questions which are relevant to our assessment of the applicant's fitness and properness to hold a C-DSP licence.

Before completing this section of the form, you should read [Ofcom's guidance on the definition of 'control' of media companies](#). Throughout this section, "control" has the meaning it is given in Part I of Schedule 2 of the Broadcasting Act 1990.

The response boxes and tables should be expanded or repeated where necessary, or provided in a separate annex.

'Officerships' in this section refers to: directorships of bodies corporate, designated memberships of LLPs, or membership of a governing body of an unincorporated association (including partnerships).

3. The proposed service

About this section

This section asks you to describe your proposed service, including the Key Commitments you propose to include in your licence. This includes your service name, multiplex name and character of service, in addition to standard commitments that all C-DSP licensees need to abide by. Holders of an existing analogue community radio licence to be a simul-cast on the proposed C-DSP service can replicate the existing analogue key commitments as it is our expectation that the key commitments for simulcast services are to be in keeping with one another. If a licence is granted, the information you provide in this section will be used to form the basis of the annex to your licence. You will only be authorised to broadcast what is detailed in the annex of the licence.

In this section, you will also need to set out how your service will provide social gain, community participation and how you will be accountable to the target community. This is in line with statutory requirements for the granting of C-DSP licences. **The information provided in this section is also the basis on which decisions are made.**

If you hold, or intend to hold, multiple C-DSP licences, the answers given in this section and the intended delivery of your Key Commitments must apply to the locality in which your proposed service will broadcast (as set out in the Draft Key Commitments in this application form).

Your proposed service and target community

3.1 What is the proposed service name?

Express FM

3.2 On which radio multiplex service do you intend to broadcast? If the relevant radio multiplex licence has not yet been awarded, please state the name of the area that the multiplex service is intended to cover, as defined in the multiplex licence advertisement.

Portsmouth

3.3 Where is your proposed studio located? Please note that this must be located within the coverage area of the small-scale radio multiplex service identified in answer to 3.2 (or the advertised area for a small-scale radio multiplex service that has not yet been awarded).³

Eldon Building, Winston Churchill Avenue, Portsmouth PO1 2DJ

³ If you propose to provide your service on a local, rather than a small-scale, radio multiplex service, there is no requirement for your studio to be located within the licensed area of that local radio multiplex service.

- 3.4 If the proposed service is a simulcast or corresponding service of an existing licensed radio service, please list that below and provide the licence number.

Express FM, CR000006BA/3

- 3.5 What is the target community of the service? Please include the geographical area that you wish to serve in addition to the interests or characteristics that define your target community. The area you wish to serve must be geographically located within the cover-age area of the radio multiplex service on which you intend to broadcast. **Answer in fewer than 400 words.**

Express FM is for the people in Portsmouth who are, or who might like to be, involved in learning.

- 3.6 How will you ensure that your proposed C-DSP service is run on a not-for-profit basis? Please give details of specific measures or arrangements in place to ensure this, and how any profit will be wholly and exclusively used for securing or improving the future provision of the service, or for the delivery of social gain. **Answer in fewer than 400 words.**

We will continue to comply with clause 4 of our Memorandum of Association.

Social gain

- 3.7 What community benefits will your service bring to your target community(ies) and, if applicable, the general public. Please include summaries of evidence to support your answer, including details about other organisations you intend to work with. **Answer in fewer than 500 words.** Please do not provide names of individuals in your answer.

Express FM broadcasts content made by Portsmouth students and volunteers from across the city, giving a voice to young people, the city's education providers and to the wider community. We teach skills, promote lifelong learning and encourage debate. We have a proud track record of work with the University of Portsmouth, City of Portsmouth College, Pompey in the Community, Shaping the Future of Portsmouth and many other community groups.

- 3.8 Please summarise how your service will facilitate discussion and the expression of opinion. **Answer in fewer than 200 words.**

Express FM exists to enable Portsmouth people to 'Express' themselves. We debate local issues in mainstream programming. Pompey fans respond passionately to our PFC coverage. *Express This Week* examines Portsmouth's community leaders. We will continue to offer this platform for debate if awarded a C-DSP licence.

- 3.9 How will you ensure that members of your target community(ies) can gain access to the facilities used to provide your service, and receive training in using these? In particular, please set out how this will be done practically, formally and/or informally. **Answer in fewer than 400 words.**

Our studio centre is housed within a prominent and accessible city-centre University building. Our website provides a pathway to involvement via <https://www.expressfm.com/contact/volunteer/>. New volunteers are given one-to-one induction and training, normally by our Content Manager.

- 3.10 How will your service provide better understanding of your target community and the strengthening of links within it? **Answer in fewer than 200 words.**

Express FM has a 19-year track record of delivering innovative radio that helps bring Portsmouth together, celebrating our city's achievements and addressing its challenges. From student testimonies and graduation stories to the Covid-era *Connecting for Wellbeing* project and our community drama *Conway Street*, this is what we do.

- 3.11 Please summarise the relevant experience of the group or its members in activities related to the provision of social gain or other relevant non-broadcast areas (such as third sector, training or education). **Answer in fewer than 200 words.**

Our chair Cheryl Buggy has decades of experience in education and broadcasting, often (as with the primary-school broadcasts that paved the way for Express FM) devising projects that use the latter to serve the former. She ran a nationally-significant project in Portsmouth schools that showed the value of developing young people's Emotional Intelligence.

Directors Jane Chandler, Liz Cruz and Mike Stevenson are all actively involved in further/higher education provision for the Portsmouth area.

Director Nick Smith is employed by the Southern Co-Operative, whose community programme supports and encourages the creation of greener, safer and healthier local communities.

Participation

- 3.12 How do you propose to ensure that members of your target community(ies) are given opportunities to participate in the operation and management of the service? **Answer in fewer than 400 words.**

A majority of our board members (directors Jane Chandler, Liz Cruz and Mike Stevenson) are actively involved in further/higher education provision for the Portsmouth area. The board appoints our managers.

Operation of the service is mostly by local volunteers (see response 3.9 above), supported by a small team of part-time paid team members.

Accountability

- 3.13 How will members of your target community contact your service and influence its operation? **Answer in fewer than 300 words.**

Our website offers this facility at <https://www.expressfm.com/contact/feedback/>

We have a significant social-media presence which enables instant feedback.

Our directors (see response 3.12) also provide direct input to the running of the station from the learning community of Portsmouth.

- 3.14 How will suggestions and/or criticisms from members of your target community(ies) be considered and acted upon? **Answer in fewer than 300 words.**

Our Station Manager convenes regular team meetings at which received messages can be considered and appropriate actions agreed.

If a suggestion or criticism touches on a question of station strategy, it will be considered by the board, which meets formally up to six times each year.

Draft Key Commitments

Below is an example of the licence annex where the Key Commitments appear. Should a licence be awarded, the entries you provide below will form the Key Commitments section of your licence. Holders of a community radio analogue licence that is to be simulcast, or a corresponding service, are expected to provide key commitments that are in line with their existing service(s). As such, applicants may refer to the existing key commitments of the relevant simulcast or corresponding service(s) to ensure that the draft below is in line with those of the existing service(s).

Please provide entries where specified in **BOLD** below. The information you enter here should reflect your answers to Sections 3 and 4 of the Part A of your completed Application Form. This will form the basis of your Key Commitments alongside the mandatory text in italics. Do not amend the text in italics as every service is required to comply with these requirements, but the details of how each service does so do not need to be included in the Key Commitments.

4. Compliance of the service

About this section

This section asks you to describe the compliance arrangements for the proposed licensed service, i.e. the arrangements which the applicant will put in place to ensure that the content it proposes to broadcast will comply with the relevant regulatory codes and rules for programming and advertising. These include:

- The Ofcom Broadcasting Code
- The BCAP Code: the UK Code of Broadcast Advertising
- The Phone-paid Services Authority Code of Practice

Condition 17 of a C-DSP licence requires that you have compliance procedures in place, and this section asks that you demonstrate your ability to meet this licence condition.

Before completing this section of the form you should read Section 4 of the [C-DSP guidance notes](#), where you will also find links to the codes and rules listed above.

- 4.1 Please give details of all compliance training (including dates) the person named in response to either question 2.3 or 2.5 in Part B (i.e. the individual who holds overall responsibility for compliance of the service) has received in the relevant codes and rules (for example, those referred to in the box at the start of this section).

Our Station Manager studied the codes on taking up his post in 2017. On 23 January that year he met with our Company Secretary (who is a BBC senior news editor with a long track-record of compliance work in commercial and BBC radio) and discussed the compliance aspect of his role. He has kept abreast of Code updates in the years since.

- 4.2 Please give details of any practical compliance experience (including dates) the person named in response to either question 2.3 or 2.5 in Part B (i.e the individual who holds overall responsibility for compliance of the service) has with respect to the relevant codes and rules.

Our Station Manager has eight years' practical experience of overall responsibility for compliance of our FM service. In that time, we have compliantly delivered a very wide range of content, from music shows to political debates, live football coverage and social-action programmes, and hold an unblemished record with our regulators.

- 4.3 For each role within your compliance team please provide job title and a brief description of the functions of the role specific to ensuring compliance of the proposed service. Please do not give names of individual members of staff – this question relates to job roles rather than currently employed individuals.

Station Manager: overall responsibility to ensure compliance training is delivered and for adjudicating any especially complex or sensitive compliance questions.

Content Manager: delivery of compliance training and day-to-day responsibility for handling compliance questions.

- 4.4 How does the applicant intend to formally train staff in compliance procedures? Please include details of the compliance training that will be given to those responsible for live programming, including compliance staff, presenters and producers.

New team members are given one-to-one training by our Content Manager.

Our Content Manager and Station Manager monitor our regulators' websites and alerts for any changes in Codes.

- 4.5 Will the training described in response to question 4.5 be mandatory for all staff and volunteers? If not, outline who will receive it.

Yes

- 4.6 It is a licence requirement that a licensee must ensure that all programming on its service (broadcast at any time of the day or night) complies with Ofcom's codes and rules (e.g. Ofcom's Broadcasting Code, which sets requirements on standards to be observed in programme content for the protection of the public).

- a) Set out in detail below the systems the applicant intends to have in place to ensure it will be able to comply with the codes and rules when the service is broadcasting live content. Your response should include details of what you will do to prepare presenters and guests pre-broadcast and the process for ensuring that any non-complaint content is dealt with swiftly during the broadcast.

The reality of Community Radio life is that on-air team members often work alone. Therefore we ensure that they are aware of Code requirements (including as appropriate the need to brief their guests) before they start. If a Code breach occurs we will, as appropriate, take any or all of the following actions: (i) act swiftly to ensure no repetition, (ii) apologise on-air, (iii) refresh training, (iv) report it.

All team members (volunteers, staff and freelancers) are subject to rules whereby they can be held to account for wilful or persistent Code breaches.

- b) Set out in detail below how the applicant intends to ensure that pre-recorded material will comply with Ofcom's codes and rules. Pre-recorded content could include, for example, material obtained from, or streamed from, third party sources as well as content produced by the licensee.

The same procedures as in 4.6 (a) apply. Apart from IRN bulletins we do not broadcast third-party material.

- 4.7 Please set out how you will ensure the ongoing delivery/compliance of the **on-air** character of service as set out in the Key Commitments. This should be focused on the content you will broadcast on the station.

In your answer, please ensure you include details on each of the following points:

- a) How you will monitor that the character of service is being delivered;
- b) who will be responsible for monitoring this;
- c) how often will they monitor it;
- d) how you ensure this information is published; and
- e) where the information will be published/made publicly available.

Our Station Manager and Content Manager monitor by (i) listening to our output and (ii) analysis from our playout system. This is a core part of their duties and is not published; rather, it is used for *ex ante* fine-tuning to ensure our content continues to comply.

Our Station Manager reports to the board of directors, who meet up to six times each year, on station performance.

We also publish our Key Commitments on our website and this enables members of the public to compare them with our output.

- 4.8 Please set out how you will ensure the ongoing delivery/compliance of the **off-air** social gain activities as set out in the Key Commitments.

In your answer, please ensure you include details on each of the following points:

- a) How you will monitor that off-air social gain activities are being delivered;
- b) who will be responsible for monitoring this;
- c) how often will they monitor it;
- d) how you ensure this information is published; and
- e) where the information will be published/made publicly available.

Our Content Manager monitors access, volunteer involvement and training by maintaining continuously updated records of participation and studio attendance. This is a core part of his duties and is not published, but these records provide the data for our annual report to Ofcom.

Our Company Secretary maintains the register that demonstrates how our board includes directors involved in Portsmouth's education provision.

Our Station Manager reports to the board of directors, who meet up to six times each year, on station performance.

We also publish our Key Commitments on our website and this enables listeners to compare them with our activities.

4.9 What language(s) does the applicant intend to broadcast in?

English.

4.10 For each language listed in response to question 4.9 please provide details of how many compliance team member(s) are fluent in each language and will be responsible for ensuring that content broadcast in that language complies with the Ofcom's code and rules. **Please do not give names of individual members of staff.**

Station Manager: fluent in English.

Content Manager: fluent in English.

5. Declaration

About this section

This form must be submitted by the applicant named in response to question 2.2. An agent may not sign the form.

The person authorised to make the declaration on behalf of the applicant must print their name and must be one of the following :

- A director of the company or the company secretary where the applicant is a company.
- A designated member where the applicant is a Limited Liability Partnership.

The declaration must also be dated.

5.1 I hereby apply to Ofcom for the grant of a licence for the community digital sound programme service described above and declare that the information given in this application form is, to the best of my knowledge and belief, correct.

5.2 I further declare and warrant:

- a) that I am not a disqualified person within the meaning of that expression as defined in Part II of Schedule 2 to the Broadcasting Act 1990, as amended, or as a result of a disqualification order under Section 145 of the Broadcasting Act 1996;
- b) that having made all reasonable enquiries neither the applicant nor any person controlling the applicant, as a result of the grant to me of the licence, breach any requirement of Schedule 14 to the Communications Act 2003 with regard to the accumulation of interests in broadcasting services or to the restrictions on cross-media interests; and
- c) that the applicant is not disqualified by virtue of the provisions of section 143 (5) of the Broadcasting Act 1996 in relation to political objects and the provisions of section 144 (3) of the Broadcasting Act 1996 in relation to the provision of false information or through the withholding of information with the intention of misleading Ofcom; and
- d) that no director or person concerned directly or indirectly in the management of the applicant is subject to a disqualification order as defined by section 145 (1) of the Broadcasting Act 1996.

5.3 I understand that Ofcom reserves the right to revoke the licence (if granted) if at any time any material statement made to Ofcom is found to be false and to have been by the applicant or any member or officer thereof knowing it to be false. I also understand that under sections 144 and 145 of the Broadcasting Act 1996, the provision of false information could incur a criminal conviction and a disqualification from the holding of a Broadcasting Act licence. I further certify that, to the best of my knowledge, any matters which might influence Ofcom's judgement as to whether the directors and any other individuals and/or bodies corporate with substantial involvement in this application are fit and proper persons to participate in a radio licence, have been made known to Ofcom.
